

CORPORATE PARTNERSHIP

Harvest of Hope Pantry welcomes individuals and families from a variety of backgrounds and circumstances.

We opened in 2012 and are the only food pantry in Boulder that serves everyone who comes to our door, often filling the gap that other services are unable to offer.

The client-choice model in a grocery store setting brings dignity and autonomy to many facing the stress of food insecurity. In addition, we have multiple mobile pantries, providing food onsite to housing communities in Boulder where people may have barriers to accessing supplemental food.

Our influence goes beyond offering food support. Harvest of Hope Pantry is a place where people forge meaningful social connections. Numerous shoppers and volunteers have echoed this belief, emphasizing that creating a sense of belonging is as crucial as delivering nutritional support!

ANNUAL LEVELS *of* HOPE

Creating a Corporate Partnership with Harvest of Hope Pantry provides a meaningful opportunity to enact corporate social responsibility by:

- » Giving back to the community in which we all live, eat, work and play
- » Providing marketing opportunities within the pantry's network
- » Connecting employees with their community through volunteering

Donations can be made annually, quarterly, or monthly. And in-kind support can be considered as well.

Every partner will receive an individualized annual community impact report.
